Harmony in Motion

By Luke, Tonisha & Abdullah

The Client

Since 2004, HCCB has provided free, inclusive access to paddle sports on the Hudson. Over time, Kayak+SUP and Ke Aloha Outrigger have expanded this mission — but each has developed in isolation. Our proposal presents a unified visual identity that makes these programs distinct yet connected, amplifying HCCB's mission and values.

Proposal

This proposal outlines a clear community forward brand activity that will clarify each program's purpose (HCCB, Kayak+SUP, Ke Aloha Outrigger), while uniting them under a single, adaptable visual language for events, signage, digital channels and more.

Problem Statement

What separates, and unites, the HCCB, Kayak+SUP, and Ke Aloha Outrigger is currently not visually communicated adequately for the public to intuit their individual functions, nor their shared values.

Objective

Our objective is to find a cohesive visual language for the boathouse and its subsidiaries to provide a design platform that's both easily recognizable and easy to adapt.

Pain Points

Identity

Inconsistent logos, color usage and signage across programs.

Flexibility

Difficulty adapting assets for banners, social media and printed material.

Visibility

Low immediate recognition among new visitors and partners.

Our objectives

Develop a cohesive visual language and set of identity rules that connect HCCB, Kayak+SUP, and Ke Aloha Outrigger.

Deliver adaptable assets in a way that incurs minimal costs for real-world application and make use of existing brand assets

Produce a concise brand guidelines so staff and vendors can apply the system consistently

Ensure designs are community forward, accessible and easy to scale for events and partnership

Effectively disparege between the different roles within the sub-brands, such as volunteers and outriggers, coordinators, etc...

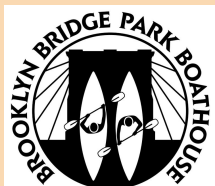

Competition

LIC Community Boathouse - Free paddling & community education. Strong volunteer base, but branding is inconsistent and event-specific. Their edge: outreach + public education.

DOWNTOWN BOATHOUSE

Downtown Boathouse - Focused purely on free kayaking, with a clean, recognizable wordmark. Their strength is simplicity and consistent signage.

Brooklyn Bridge Park Boathouse - Heavy Instagram presence, polished visuals, community-first events. Their strength is professionalism and online engagement.

Harlem River Community Rowing - Focuses on rowing, not kayaking, but very similar in community-driven access and volunteer structure. Branding is functional but dated — opportunity for HCCB to feel fresher and more approachable.

Sebago Canoe Club (Brooklyn, NY) Membership-based paddling club with kayaking, canoeing, and sailing. They balance community and structure well. Visuals are slightly dated, heavy on “club” feel vs. modern inclusive outreach.
